If you're interested in creating or transforming your business through strategic thinking and meticulous design then please feel free to contact us, we'd love to hear from you to discuss a project over a coffee or a bite to eat

# Our Designing Process

## Research

Depending on the scope of the project, we want to include as much valuable information in your creative process to bring out the best. Research help to build a better understanding of the content for a better original design.

## Concept development

We choose what is going to work best to fulfil the clients' wishes. You must whittle your choices down to one standout concept. Based on our initial research and idea generation, our final concept should be original, unique and different from those available on the market.

## Creative Design

During the design stage, our creative team will be expected to implement best practices related to the use of color, typography, the hierarchy of information and positive and negative space. We put technical skills to the test, using the right software and other design tools to get the job done in the most efficient way possible.

## Prototype

Here we develop Drafts and physical samples which represent the client's idea. This stage is very important in the approval process since it visualises the actual refined product of the entire process.

## Production

After all approvals from previous stages by client and our technical team, Artwork is forwarded to our specialised personnel in Digital, Press, Large format and other areas depending on the nature of work for production. From this stage the final product is produced and delivered to the client.

We have a closed-loop color control system as part of our commitment to high quality service.

This system manages color consistency across all four areas of production; This enables us provide a consistent result that closely matches your piece in a crisp HD view.

# 2 Digital Printing

All printed output from a computer to paper is technically digital.

we print small scale brochures, booklets, fliers, magazines, Newsletters and other printed stationary on high speed digital printer to ensure best Quality and timely delivery.

We believe that Printig is more than putting ink on Paper or any other printable media. Printing is ouputting work with color in their original values and apperance.

# 3 Large format Printing

---

We use wide format printers to print Billboard skins, banners, posters, trade show graphics, wallpaper, backlit film, vehicle image wraps, architectural drawings, construction plans, backdrops for theatrical and media sets, and any other large format artwork or signage.

Our machines have the best speed and precision for all assignments.

Such consistency and quality of work has shaped us into one of the best Large format printers thus delivering outstanding products in return demonstrating value for money.

# Large format products

# Offset Printing

We print bulk quantities of work on offset machine which help us produce consistent high image quality. It prints magazines, brochures, stationery, books, Calendars, Newsletters, Fliers and all kinds of printed stationery provided it is on paper.

High Speed, best Quality;  
Have your work delivered in seconds
